LDC ECO/OCEAN FRIENDLY TRAVEL TIPS

As divers, we share a deep respect for our ocean planet and the diversity of life it supports. We also know what's at stake if we don't protect our environment. Divers can make a difference. Each time we travel, dive and immerse ourselves in new destinations, here's what we can do to help:

- **Leave Only Bubbles:** Minimize waste and pack your trash for home.
- **Take Only Pictures:** Leave shells, coral and other natural treasures in place.
- **Be Buoyant:** Avoid touching reefs and other natural areas with your body, dive gear, cameras and other underwater equipment.
- **Lighten Your Lodging Footprint:** Turn off lights, reduce air conditioning, reuse towels and conserve water.
- **Choose Sensible Seafood:** If seafood is on the menu, make sustainable choices.
- **Buyer Beware:** Learn the facts before buying souvenirs made from wildlife. (Note; All sea turtle products are illegal)
- **Support Marine Protected Areas:** Contribute via park fees, donations and volunteerism.
- **Set an Example:** Cleanup trash, never intentionally touch, feed or handle marine life, and set examples like these for others to follow.
