# Key Largo FLORIDA

 **\$599<sub>PP</sub>**

**Perfect Trip for Wreck Divers, Reef Divers & Snorkelers!**

Key Largo (which means Long Key, named by the Spaniards) is the closest of the islands to the Florida mainland. Drive south from Miami for about an hour and you will come to the drawbridge at Jewfish Creek. When you cross this bridge you will find yourself in Key Largo, the first island of the Florida Keys.

Key Largo is the home to the world's largest artificial reef, the 510 foot USS Spiegel Grove; the John Pennekamp Coral Reef Underwater State Park and the famous Christ of the Abyss underwater statue. Key Largo is best known for its shallow reefs and deep wrecks. The shallow reefs provide world class diving for scuba divers of all ages and skills. The deep wrecks offer the some of the best wreck diving found anywhere. The magnificent natural coral reefs a few miles offshore are world renowned for their beauty. Underwater treasures await divers and snorkelers who enjoy the colorful, tranquil sea life in these clear, tepid, azure waters. Visitors to Key Largo quickly understand why it is billed as the "Dive Capital of the World".

— LDC ECO/OCEAN FRIENDLY TRAVEL TIPS —

As divers, we share a deep respect for our ocean planet and the diversity of life it supports. We also know what's at stake if we don't protect our environment. Divers can make a difference. Each time we travel, dive and immerse ourselves in new destinations, here's what we can do to help:

- **Leave Only Bubbles:** Minimize waste and pack your trash for home.
- **Take Only Pictures:** Leave shells, coral and other natural treasures in place.
- **Be Buoyant:** Avoid touching reefs and other natural areas with your body, dive gear, cameras and other underwater equipment.

- **Lighten Your Lodging Footprint:** Turn off lights, reduce air conditioning, reuse towels and conserve water.
- **Choose Sensible Seafood:** If seafood is on the menu, make sustainable choices.
- **Buyer Beware:** Learn the facts before buying souvenirs made from wildlife. (Note; All sea turtle products are illegal)
- **Support Marine Protected Areas:** Contribute via park fees, donations and volunteerism.
- **Set an Example:** Cleanup trash, never intentionally touch, feed or handle marine life, and set examples like these for others to follow.
